YASUHEI NAKAMURA

FULL-STACK DEVELOPER | ANGULAR • TYPESCRIPT • NODE.JS • JAVA

Campinas, São Paulo, Brazil | +55 (19) 9 7825-4088 | yasuhei_nakamura@hotmail.com | github.com/yasuhei

PROFESSIONAL SUMMARY

Full-Stack Developer with experience in medium- and large-scale projects, primarily working with Angular, Node.js, and REST APIs in the financial sector. Strong focus on clean code, automated testing, performance, and best practices. Experienced in agile environments and active collaboration with cross-functional teams. Knowledge of Java, CI/CD, Docker, and Kubernetes, applied in hands-on projects. Currently pursuing a postgraduate specialization in Software Engineering with Java and AI.

PROFESSIONAL EXPERIENCE

7comm Informática — Full-Stack Developer | Aug 2023 – Present

- Developing a debt renegotiation system for Bradesco.
- Building frontend features with Angular and a Node.js Backend-for-Frontend (BFF).
- Integrating internal and external REST APIs.
- Creating unit tests with Jest.
- Using Bitbucket for version control and working within a Scrum team.

Forest Watch — Full-Stack Developer | Feb 2025 – Feb 2026

- Developed web applications using React and TypeScript.
- Integrated external APIs to consume geospatial data (GeoJSON).
- Processed and transformed geographic data for map visualization.
- Consumed external data sources, including public environmental and satellite APIs.
- Used GitHub for version control.

Indorama Brasil — Mid-Level Systems Analyst | May 2023 – Jul 2023

- Developed a corporate portal using Angular.
- Integrated the frontend with a Node.js backend.
- Designed database models and managed access control.
- Used GitHub for version control.

Oráculo Meteorologia — Mid-Level Front-End Developer | Oct 2022 – Jul 2023

- Built web systems and interactive dashboards.
- Integrated REST APIs.
- Worked in an AWS cloud environment.

Hausz Pisos e Ambientes — Junior Front-End Developer | Oct 2021 – Sep 2022

- Developed interfaces from Figma UI/UX designs.
- Created landing pages.
- Managed tasks using Kanban.
